## **Configure Dictamus (iPhone/Android)**

1. After installing the App the Dr. should see this screen:

25°	С н	3:58
Dictate + Connect	<u> </u>	i
New Dicta	tion	

2. Press the wrench icon to get into the configuration, and you should see this screen:

3. Choose the **Sharing** option and you will see this screen:

■ 25° 🔿 H	3:58
Sharing	
SHARING DESTINATIONS	
Add Sharing Destination	
Default-Email	
<table-cell-rows> Default-Export</table-cell-rows>	
SETTINGS	
Default Export Filename Date_Description	
Default Audio Format	
Sharing requires Wifi	
Initials	
Quicksharing Profile	

4. Press on the "Add Sharing Destination" and you will get this screen:

5. Scroll down until you can see the option **123 Dictate** like it is shown in this picture:

6. After you press on **123 Dictate** you will get this pop-up:

🔺 25°					í	ъ н		3:5	58
	۹dd S	Shari	ng D	estir	natio	n			
1	23[	Dict	ate	9					
Ple ne	eas w s	e er har	ntei ing	r a r de	nam stin	ne f ati	or t on	he	
12	23Di	ctat	е						
	C	ancel				ОК			
Z	<b>]</b> i1	Гran	scri	ptio	n				
G								J	ļ,
$q^{1} v$	v <sup>2</sup> e	3 3	4	t <sup>⁵</sup> y	/ <sup>6</sup> l	7 J	i <sup>®</sup> (	°	<b>o</b> °
а	S	d	f	g	h	j	k	I	
₫	z	х	с	v	b	n	m	×	
?123		0						÷	

7. Press OK and you will get this screen:

25 <sup>•</sup> <sup>™</sup> <sup>▲</sup> <sup>■</sup> 3:58
Sharing
SHARING DESTINATIONS
Add Sharing Destination
123Dictate
🖂 Default-Email
🔁 Default-Export
SETTINGS
Default Export Filename Date_Description
Default Audio Format
Sharing requires Wifi
Initials

8. Now press on 123 Dictate in order to introduce the credentials:

9. Introduce the appropriate username/password and check Passive Mode. You should get something like this:

▲ 25°	🛈 <sup>н</sup> 🖌 🖬 <u>3</u> :59
123Dictate	
Name 123Dictate	
LOGIN	
Username aakram	
Password	
SERVER	
Passive Mode	
GENERAL	
Export Filename Global Default	
Audio Format Global Default	
ENCRYPTION	
NONE	

10. Now please go back to the previous screen and choose "**123Dictate**" as the "Quick Sharing Profile", as is shown in this picture:

<u>⊷</u> 25*	🛈 H 🔺 🖥 3:59
Sharing	
123Dictate	
Default-Email	
123Dictate	۲
Default-Email	0
Default-Export	0
Cancel	
Sharing requires Wifi	
Initials	
Quicksharing Profile	

11. Go back to the main screen and press "New Dictation", you should get a screen like this (press the red button to record):

12. After you complete the dictation then press the symbol of the square with an arrow pointing up to upload the dictation into the transcribe platform. If the file is uploaded successfully, you will get a confirmation like this:

<u>▲</u> 25°	Ö	н 🖌 🖹 4:00
Recording		
•		00:00:00.0 00:00:00.0
Dictation J	lun 2, 2017 4:00:	00 PM
(		
-		•
Û		P

13. When you go back into the main screen now you will see the dictation you just did. The dictation is kept there just in case you want to upload again or share using other methods:

▲ <b>25°</b>	Ю Н	4:01
Dictate + Connect	<u> </u>	-
Dictation Jun 2. 201	7	0:13
New Dictat	ion	

14. A new dictation can be started at any time pressing the "New Dictation".
